

CONFERENCE AGENDA*Announced!*

Explore the Speakers and Sessions Coming to Carbon Fiber

At **Carbon Fiber 2022**, engineers, executives, fabricators, OEMS and plant managers in aerospace, automotive, energy and more will participate in sessions designed to show them how to maximize their budgets and increase efficiencies at their operations.

Don't miss your opportunity to join them in Greenville, SC to see how our lineup of carbon fiber experts can help your business succeed!

WHICH PRE-CONFERENCE
IS RIGHT *for you?*

At **Carbon Fiber 2022**, attendees have the opportunity to attend two pre-conference sessions on November 15. Take a deep dive into the **Carbon Fiber Market Outlook for 2022** or learn about **Opportunities and Challenges for Carbon Fiber Composites in the Hydrogen Economy**. Both of these sessions are led by industry experts and require a separate fee.
